

## Connecting to UStream for the NASA Cost Symposium:

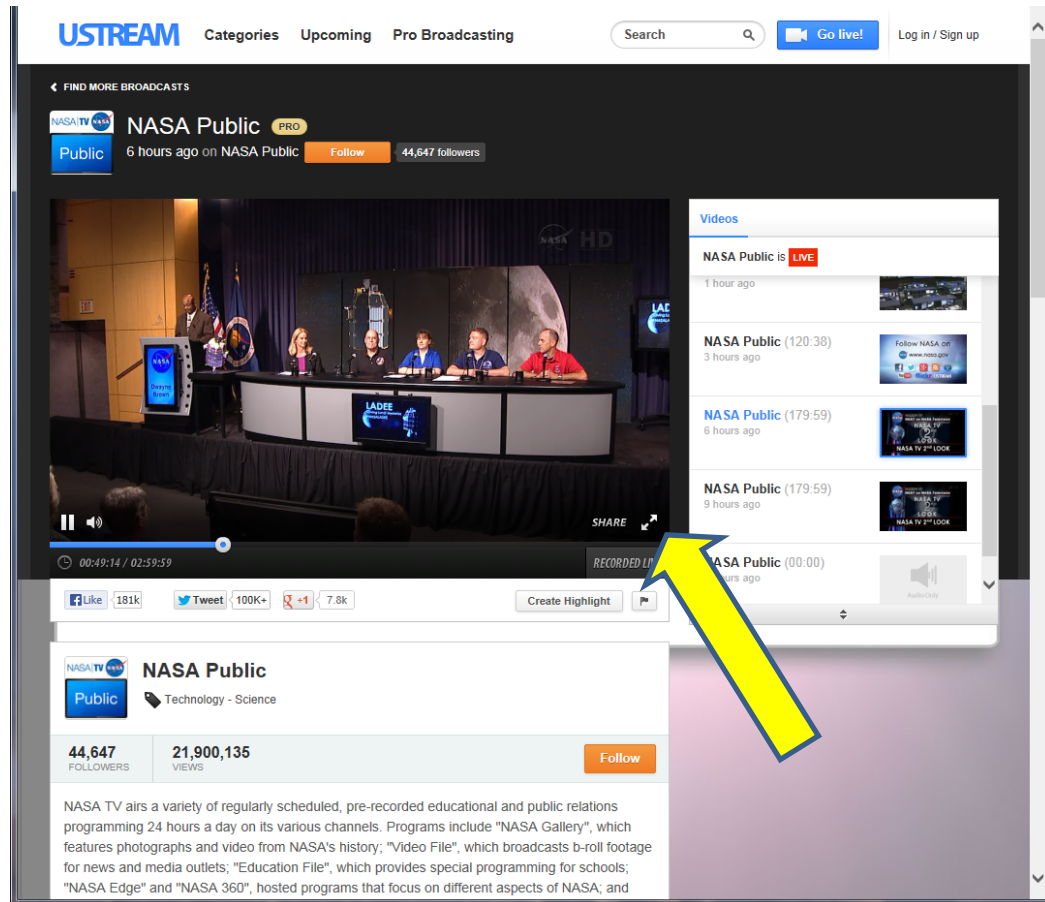

### From either Macs or PCs:

1. Start an internet browser (eg. Safari / Internet Explorer / Firefox)
2. Enter the link below in the address bar:  
<http://www.ustream.tv/channel/explore-with-jpl>
3. Following screen will prompt you for a password:

4. Enter the password:  
*Dollar\$8-27*

5. It should resemble to the below page layout with option for full-screen indicated by yellow arrow:

6. **TIPS:**

- This channel will not display any media until Tuesday, Aug. 27<sup>th</sup>
- Best to log in a few minutes prior to the time you wish to start viewing, in case you are in an area with a slow connection
- If you would like to test your connection in advance, here is a link to NASA's public UStream channel (It's not password protected).  
<http://www.ustream.tv/nasahdtv>
- If you can view the example streaming video provided above, then your connection to the NASA Cost Symposium link should have similar performance.
